Poultry in Motion: Leona Leghorn
A Fused Art Quilt, Finished Size about 8 ½ " x 11"
© Laura Wasilowski 2016

Materials and Tools

10" x 10" black for chicken and ground outline and inner eye
8" x 3" green for ground
5" x 6" light green for breast and outer eye
5" x 6" yellow to orange for wing and beak
4" x 4" red for head
5" x 5" purple to blue for tail
4" x 4" orange for feet, comb, and waddle
9" x 11" yellow to pink for sky
9" x 12" black felt (2) for top and backing

1 yard of fusible web (Wonder Under #805 recommended)
18" of parchment paper
Black Sharpie Fine Point marker or lead pencil
Decorative rotary cutter blade with handle (pinking or wave recommended)
Rotary cutter mat
Size 8 or 12 embroidery thread
Size 4 or 5 embroidery needle
Machine quilting thread

Preparation

1. This quilt measures about 8 ½ " x 11" upon completion and is hand stitched. Machine quilting is optional.
2. Assemble all the materials and tools listed.
3. Fuse all the fabrics with the fusible web except one of the black felt rectangles. Follow the manufacturer's directions.
4. After the fabric cools, remove all the paper except that on the black outline fabric.

Directions

1. Place the *parchment paper* on the ground pattern. Trace the pattern with the Sharpie marker or a lead pencil. (Please note that any writing or numbers written on the parchment paper will also transfer to the fabric.)
2. Place the marker side of the parchment paper onto the glue or fused side of the ground fabric. Iron or fuse the paper in place for 5 seconds with a hot iron.
3. After the fabric cools, remove the release paper from the fabric. The ink from the tracing will transfer to the glue.
4. Cut out the outside of the ground shape just inside the black lines. Snip out the horizontal slices with scissors.
5. Center the ground fabric about 1/4" from the bottom edge of the black outline fabric. Fuse-tack into place.
6. Trim around the outside edges of the ground shape leaving about 1/16" of back fabric as an outline. Remove the release paper from the fabric
7. Repeat Steps 1 – 4 to make the head, breast, wing, tail, feet, comb, beak, waddle, and outer eye.
8. Use a 1" x 1" square from the corner of the remaining black outline fabric for the inner eye. Free cut a small dot about the size of the pattern piece for the inner eye.
9. Arrange all of the chicken parts (except for the eye parts) on the remaining black outline fabric to form the chicken. Leave about 1/16" of black fabric showing between the chicken parts. (Use the photo as a placement guide.) Fuse-tack into place.
10. Place the outer eye on the chicken's head.
11. Clip a small V out of the inner eye fabric to make a highlight in the eye. Add the inner eye to the outer eye. Fuse-tack into place.

12. Trim around the outside edges of the chicken shape leaving about 1/16" of back fabric as an outline. Remove the release paper from the fabric.
13. Trim 1/4" from each edge of the sky fabric using a decorative blade.
14. Center the sky fabric onto the black felt fabric that has **no** fusible web. Fuse-tack into place.
15. Place the ground shape onto the lower edge of the sky fabric. Add the chicken onto the sky and ground fabric. Fuse-tack into place.

Finishing the Quilt

1. Place a dry cloth on the quilt top and steam set the top to the felt for about 10 seconds in each spot.
2. Add hand embroidery stitches with the size 8 or 12 pearl cotton thread and an embroidery needle.
3. Add the remaining piece of black felt to the back of the quilt. Fuse-tack into place. (Be careful when applying an iron directly to acrylic felt as it may singe. Cover the felt with parchment paper to protect the felt and your iron.)
4. Trim about 1/4 " from the perimeter of the black felt using a decorative blade if desired.
5. Machine stitch the quilt if desired.
6. Add a hanging loop to the back of the quilt.

Pattern Transfer Directions:

- Trace a shape onto release paper or parchment paper using a black Sharpie marker.
- Place the ink or drawn side of the release paper onto the glue side of the fused fabric.
- Iron the paper into place for 5 seconds.
- Let the fabric and paper cool.
- Remove the paper and cut out the shape inside the black line.
